### HARD SKILLS FOR THE HUMAN LAWYER MANAGER

In a session for junior and senior lawyers alike, renowned lawyer Kathryn Dalziel and lawyer coach/bona fide “millennial” Katie Cowan join forces to speak on that invigorating subject: Why and how to manage human lawyers. Come for the dry discussion on health and safety obligations, but stay for the wry and sometimes dramatic re-enactments of poor management practice and its effect on one’s nervous system.

This session will cover:

- What a human lawyer manager looks like
- Health and safety obligations, and workplace investigations into complaints
- The professional hazard of poor mental health and Code of Conduct duties
- Bullying – how to identify it and what to do about it
- “Millennials” and other culture myths we can do away with now.

**Presenters**

*Katie Cowan, Symphony Law, Christchurch*

*Kathryn Dalziel, Walker Street Chambers, Christchurch*

### IT’S DÉJÀ VU ALL OVER AGAIN: PROPENSITY EVIDENCE

The Evidence Act 2006 made some subtle but important changes to the old “similar fact” rules. Although mainly applicable to criminal cases, propensity evidence can also be useful in civil litigation. The session will attempt to demystify the sometimes arcane distinctions, and help you avoid walking into some of the problems that have made their way to the Supreme Court.

**Presenter**

*Craig Ruane, Te Pōhue Chambers, Christchurch*

11.20-12.10

### RELATIONSHIP PROPERTY: TWO HOT TOPICS

The widespread use of trusts in New Zealand has created real problems for the equal sharing regime of the Property (Relationships) Act 1976. There are, however, now over half a dozen conceivable ways in which property held in trust could become vulnerable in relationship property proceedings. This session will examine the limits and possibilities of each of the various avenues of attack. As well, the session will look at the question of how economic disparity awards should now be approached following the landmark Supreme Court decision in *Scott v Williams*. For both topics the Law Commission recommendations for reform, released at the end of 2018, will be examined.

**Presenter**

*John Caldwell, University of Canterbury, Christchurch*

12.10-1.00 **LUNCH****1.00-2.00 TRAVERSING THE PROPERTY TRANSACTION MINEFIELD**

Property transactions can be complex, particularly when they segue into the speciality jurisdictions of tax, trust law and relationship property. In addition to the land and buildings, we need to consider GST, the brightline test, contracting out agreements, property sharing agreements, estate planning and capacity and more. This question and answer session will identify some of the more regularly seen problems and pitfalls that occur in property transactions and offer practical and legal solutions to these problems.

**Presenters** *Annabel Sheppard, Wynn Williams, Christchurch*  
*Ingrid Taylor, Taylor Shaw, Christchurch*

**Presenter***John Edwards, Privacy Commissioner, Wellington*

9.40-10.40

**CHIEF CENSOR**

We all know there are constant new challenges brought about by new technologies, and how to interpret existing regulation in relation to those new challenges – and it is no different in the censorship arena. Lawyers have a critical role in understanding and applying the law creatively and constructively to help address gaps, while highlighting cases where creativity isn't enough, and reform is needed. Everyone knows technology is disrupting traditional media industries, and changing social norms. But you probably won't expect just how far and wide this disruption goes! This session will amaze you with freedom of speech and censorship conundrums you may not have even thought about, but which will likely form the basis for big policy debates in the near future. What are the rules around possession of an electronic file that can be used to print out a handgun? Do 'loot boxes' in games really represent the functional equivalent of a digital slot machine, and what do we do about that? What are the implications of AI generated pornography, or sex robots in the likeness of a child? Dystopia beckons, are we ready to chart a course around it?

**Presenter***David Shanks, Chief Censor, Wellington*

10.40-11.00

**MORNING TEA**

11.00-12.00

**PUBLIC LAW CLAIMS**

Public Law deals with the relationship between the state and its citizens, in their private, public, and commercial lives. It includes such government (central and local) activities as the regulation of commercial and social behaviour, the allocation of resources, and the protection of fundamental rights. The role of the courts is to supervise the exercise of power to ensure the government in all its forms act within the law and that its processes are fair and reasonable. This session will consider some of the recent cases and key themes emerging and reflect on the practical implications flowing from this to be mindful of when you are advising your private and public clients. In particular, the presenters will consider:

*Grounds for review* – latest cases, including implications for:

This session will provide an overview of current work the Commission is leading.

2.50-3.10

**AFTERNOON TEA**

Māori have sought recognition and protection of mātauranga Māori and their relationship with mātauranga Māori in the Mataatua Declaration, the WAI 262 claim, the United Nations Declaration on the Rights of Indigenous Peoples, and through the IGC treaty discussions at WIPO. As each of these avenues have stalled, Māori have had to take practical steps to recognise and protect mātauranga Māori. In this session, Lynell will discuss and review those practical steps, and suggest new ways in which Māori can recognise and protect mātauranga Māori with the current intellectual property system.

**Presenter***Lynell Tuffery Huria, A/J Park Law Limited, Wellington*

4.00-4.50

**THE DUTY OF CANDOUR IN PRACTICE**

The duty of candour, requiring "the full and candid disclosure of all facts and circumstances relevant", is a vital principle in the context of applications for search warrants. But what does the law in the criminal and intelligence and security context mean in the context of administrative applications and ex parte applications to courts? This session, covering general legal principles and recent cases, will be relevant to criminal, public, and private law practitioners who make and challenge such applications.

**Presenter***Madeleine Laracy, Deputy Inspector-General of Intelligence and Security, Wellington*
