

PRESENTER

Mark von Dadelszen, Bannister & von Dadelszen, Hastings

Mark's societies' and charities' knowledge and skills are based on years of experience in the governance of, and advice to, a wide range of community organisations and in local government entities (recognised by the award of a Queen's Service Medal in 2012), as well as experience during his professional career in other areas of law relevant to societies and charities.

Mark's experience led him to write a book about meeting procedure, *Members' Meetings* (now in its third edition), followed by *Law of Societies in New Zealand* (now in its third edition), and regular articles on societies, charities and meeting procedure. Mark was a member of the Law Commission's "Incorporated Society Act Review Project Reference Group" which advised the Commission on the preparation of its Report 129, "A New Act for Incorporated Societies," tabled in Parliament last year.

The statements and conclusions contained in this booklet are those of the author(s) only and not those of the New Zealand Law Society. This booklet has been prepared for the purpose of a Continuing Legal Education course. It is not intended to be a comprehensive statement of the law or practice, and should not be relied upon as such. If advice on the law is required, it should be sought on a formal, professional basis.

Cover and text stocks used in this publication are from Forestry Stewardship Council certified mills, manufactured under the environmentally responsible paper manufactured environmental management system ISO 14001, using pulp from well managed forests and other controlled sources.
