

Resource Management Act – emergent themes and available techniques

INTRODUCTION	1
Why this seminar at this time	1
PART ONE: EMERGENT THEMES	3
1. EMERGENT THEMES	5
Introduction	5
The "effects-based" nature of the act	6
The Act's supposed environmental focus	10
Social and economic planning	13
The efficient use and development of natural and physical resources	16
The application of s 5	18
PART TWO: AVAILABLE TECHNIQUES	23
1. ENVIRONMENT COURT CASE MANAGEMENT	25
Shape up or be struck out	25
List callovers and pre-hearing conferences	25
<i>Preparation</i>	25
<i>Attendance</i>	25
<i>Timetables</i>	25
<i>Pre-hearing exchange of evidence</i>	26
<i>Timetable orders</i>	26
<i>Agreed statement of facts</i>	26
Hearing before commissioners without a judge	26
Mediation	27
Contents of notice of appeal	27
Regular list callovers	27
<i>Case management in action</i>	28
Adjournments	28
Settlements	28
The Environment Court's role in prosecutions under the Resource Management Act	28
<i>Jury trials for RMA prosecutions</i>	29
<i>Depositions hearings for jury trials</i>	29
Urgency	29
Notification or non-notification	29
Conclusion	30
Acknowledgement	30
2. MEDIATION IN THE ENVIRONMENT COURT	31

Introduction	31
Mediation and the underlying principles of the Act	32
Mediation in the Environment Court - statutory provisions and process	32
<i>Statutory provisions</i>	32
<i>Process of mediation</i>	33
Types of disputes mediated in the Environment Court	35
Advantages and disadvantages of mediation in the resource management context	35
Conclusion	37
3. NOTIFICATION V NON-NOTIFICATION	38
Introduction	38
Statutory provisions	38
Issues arising from the notification process	40
<i>Who is an "adversely affected" person?</i>	40
<i>Appeal rights from notification decisions</i>	41
<i>Judicial review of consent authority decisions not to notify</i>	41
<i>Compensation for obtaining the consent of adversely affected persons</i>	43
Ministry for the Environment proposal for a limited notification procedure	44
Conclusion	44
4. CONTAMINATED SITES	46
Introduction	46
Government policy on contaminated sites	46
Statutory provisions	48
Retrospective liability	49
<i>Innocent owner or occupier defence</i>	50
<i>Secured lender defence</i>	50
"Orphan" sites	51
The United Kingdom's approach	51
Contaminated sites registers	52
Recommendations for prospective purchasers of contaminated land	54
5. SENTENCING TRENDS	56
Introduction	56
Sentencing principles	57
<i>Punishment</i>	57
<i>Deterrence</i>	57
<i>Public and environmental protection</i>	60
<i>Economic efficiency</i>	60
<i>Education</i>	60
Sentencing considerations	61
<i>Sentencing considerations for individuals</i>	62
<i>Sentencing considerations for body corporates</i>	63
<i>Additional sentencing considerations</i>	64

Sentencing whom?	66
Sentencing: to suit the offence or the offender?	67
Sentencing: where is the innovation?	67
Conclusion	68
6. ECONOMIC EFFECTS OF ACTIVITIES	69
Economic considerations generally	69
"Economic well-being"	70
"Efficient use and development of natural and physical resources"	70
Economic viability of a project	71
Objections based on trade competition	72
<i>Position under the Act</i>	72
<i>Position under the Town and Country Planning Act 1977</i>	73
<i>Limits of s 104(8)</i>	73
<i>Effects of trade competition on other people</i>	74
"Avoiding, remedying or mitigating" and "best practicable option"	75
7. DUE DILIGENCE DEFENCES	76
Due diligence generally	76
<i>Due diligence - force majeure defence</i>	76
<i>Due diligence - companies</i>	76
<i>Due diligence - natural persons</i>	77
<i>Due diligence - directors / managers</i>	77
Meaning of "all reasonable steps" / "reasonably . . . provided against"	77
<i>Knowledge / foreseeability</i>	77
<i>Principles from the cases</i>	78
Minimising liabilities - due diligence in practice	80
8. ENVIRONMENTAL INSURANCE	82
Introduction	82
<i>Insurance for environmental damage</i>	82
<i>Insurance for statutory fines</i>	82
Environmental insurance: for whom?	82
Environmental insurance: for what?	83
General public liability policies	83
Environmental impairment liability policies	84
Environmental insurance: Is it valid?	86
Insurance for statutory fines and penalties	86
Insurance for statutory fines: Is it valid?	87
<i>Traditional perspective</i>	88
<i>A different perspective</i>	89
Conclusion	90
9. HAZARDOUS SUBSTANCES AND NEW ORGANISMS ACT 1996 ("HSNO ACT")	92
Introduction to the HSNO Act	92

<i>The need for reform</i>	92
The transitional regime	93
The existing regime	94
<i>Dangerous goods</i>	94
<i>Explosives</i>	94
<i>Toxic substances</i>	95
<i>Pesticides</i>	95
<i>New organisms</i>	95
Overview of the HSNO Act	96
Coverage of the Act - definitions	96
<i>Hazardous substances</i>	96
<i>New organisms</i>	97
Purpose of the HSNO Act	98
The Authority	100
Controls on hazardous substances and new organisms	101
<i>Assessment - applications for approval</i>	101
<i>Appeals</i>	102
<i>Protection of commercially sensitive information</i>	102
<i>Controls</i>	102
<i>Transferability of permits</i>	103
<i>Enforcement agencies</i>	103
<i>Offences and penalties</i>	104
Fees	105
How the new Act relates to other legislation	106
Resource Management Act	107
INDEX OF CASES	108
